National Oceanic and Atmospheric Administration:

I believe that the Bowline Solution is the right solution for the Millennium Pipeline. Terminating the Millennium Pipeline at the Bowline Facility allows New York to protect the Coastal Zone and enables Columbia Gas to fix the decrepit A-5 line that makes up 222 miles or 52.9% of the pipeline's 420 mile route. This allows Millennium to fulfill its purpose as described to the Federal Energy Regulatory Commission of delivering natural gas to "delivery points in New York State". The Bowline Solution is a viable alternative that allows Millennium to pursue its goals without destroying our environment and endangering our communities.

Sincerely,
Connie Mak

Hello,

I believe that the Bowline Solution is the right solution for the Millennium Pipeline. Terminating the Millennium Pipeline at the Bowline Facility allows New York to protect the Coastal Zone and enables Columbia Gas to fix the decrepit A-5 line that makes up 222 miles or 52.9% of the pipeline's 420 mile route. This allows Millennium to fulfill its purpose as described to the Federal Energy Regulatory Commission of delivering natural gas to "delivery points in New York State". The Bowline Solution is a viable alternative that allows Millennium to pursue its goals without destroying our environment, endangering our communities, and putting the children at Todd school in Briarcliff in possible danger.

Thank you,

L. Feingold

We believe that the Bowline Solution is THE solution for the Millennium Pipeline.Â Terminating the Millennium Pipeline at the Bowline Facility allows New York to protect the Coastal Zone and enables Columbia Gas to fix the decrepit A-5 line that makes up 222 miles or 52.9% of the pipeline's 420 mile route. Furthermore, this allows Millennium to fulfill its purpose as described to the Federal Energy Regulatory Commission of delivering natural gas to "delivery points in New York State". The Bowline Solution is a viable alternative that allows Millennium to pursue its goals without destroying our environment and endangering our children.

Sincerely,

Michael & Mary Tsavaris

To whom It May Concern:

Please add our concerns to those protesting the current plans for the Millenium Pipeline which will be built through our community of Briarcliff Manor in Westchester County New York without consideration for the dangers it poses to the children, families, and environment of this area.

I believe that the Bowline Solution is the right solution for the Millennium Pipeline.Â Terminating the Millennium Pipeline at the Bowline Facility allows New York to protect the Coastal Zone and enables Columbia Gas to fix the decrepit A-5 line that makes up 222 miles or 52.9% of the pipeline's 420 mile route. This allows Millennium to fulfill its purpose as described to the Federal Energy Regulatory Commission of delivering natural gas to "delivery points in New York State". The Bowline Solution is a viable alternative that allows Millennium to pursue its goals without destroying our environment and endangering our communities.

Â

Thank you, Susan and Howard CodeÂ
